DRIVING RANGE OPENED

Pembina Golf and Country Club got away to a good start this week when Mr. Ed. Featherstone got the driving range ready for use, with 6 tees in the driving range now open for use. The golf club is the result of a lifelong ambition.

In February of this year Mr. Featherstone formed a limited company. At the present time the development is being financed by himself but he expects that before the golf links, club house, etc., are fully completed he will sell shares and invite the public to participate in the development of the project. Interest in golf among all kinds of folks is increasing rapidly and it is becoming a very popular pastime, with women as well as with men. The whole project, when completed, will be a great asset to the community. Plans call for the first half of the eighteen hole course to be completed in time for next year's golf season, with nine holes ready for

play. The driving range is available now from noon till dark. Projected for next year's construction as well as the first nine holes is a residence for Ed. and his family. The Featherstones hope to have the first section of the golf proposed club house operating this fall. That would include a small coffee shop and club rooms that could be used throughout the winter. The second nine holes of the course will be landscaped and made ready during 1962, for use the following year. It is expected that the clubhouse will be completed in 1962.

Mr. Featherstone will retain his position as manager of the Electrical Contracting and Machinery and will retain the services of someone to run the club. The overall management of the club, however, will be under Ed's supervision. He feels that Drayton Valley has an unusual number of young couples that will support golf club activities and as

there is no similar club any closer than Edmonton, it will fill a recreational need for them; the club is also so close to town that teenagers can reach it readily.

The fairways are being seeded with a mixture of Kentucky Blue grass and creeping Red fescue. The greens are to be planted with Pendergast Bent Grass; a very excellent green grass, for which is being brought in from California.

The seeding is under the advisement of Professor Knowlton, of the University of Alberta. Five holes of the first nine holes are close enough to the creek that they can be watered from that source. The other four holes will be watered from a well. The well has already been drilled and an adequate supply of water has been found. The course is naturally wooded and in landscaping as many trees as possible have been left to enhance the natural beauty of the course.

Rotary District Governor Visit

ROTARY CLUB TO WELCOME
DISTRICT GOVERNOR

The Rotary Club of Drayton Valley on Friday, September 22nd will be host to Joe S. Low, Governor of District 538 of Rotary International, who is making his annual official visit to each of the 35 clubs in Alberta and Western Saskatchewan. He will address the local Club and will confer with President Sid Mitchell, Secretary Ed. Featherstone and Committee Chairman on Rotary administration and service activities.

Governor Joe is President of Cardston Motors Ltd., in Cardston, Alta., and is a charter member and Past President of the Cardston Club. He has been in the garage business since 1917 and has expanded and enlarged his business to meet the demands of the motoring public, and with the cars and trucks handles the Ford line of Farm Machinery. Governor Joe, besides his business, which now includes farming and ranching, has found time

to render a great deal of service to the Community and Church, serving in many years on the Town Council, three terms as Mayor, on the Hospital Board, and also on Irrigation Boards while the District Irrigation system was building. He was elected District Governor of Rotary International for 1961 - 1962 at Rotary's 52 Annual Convention in Tokyo, Japan, last May. He is one of the 289 District Governors supervising the activities of more

CHAMBER OF COMMERCE DINNER

Chamber of Commerce members and friends are urged to keep the date open, Wednesday, September 27th, at 7:30 in the evening for the Chamber of Commerce and its friends to meet at the Cardium Room.

agenda. As stated last week, Mr. Reg. Clark, secretary-manager of the Alberta Chambers of Commerce will be present as guest speaker. Mr. Clark's subject will be "The Purpose of the Chamber of Commerce".

June has lined up a fine class menu including club meals and a very good program is on the

It is hoped that this meeting will prove the springboard for increasingly active participation by all community-minded citizens. There remains much work to be

done along the promotional line by a group such as the Chamber of Commerce. An active Chamber of Commerce has often been called the key to a successful community. Let us make sure that we forge that key and prosper, as a community.

Tickets for the Banquet are on sale by C. of C. members. Price is \$2.50 each, which will provide an excellent meal as well as a social evening.

District Personalities

EDWARD ALBERT FEATHERSTONE A.I.E.E. Photo By Cur's

Ed Featherstone was born in Winnipeg, where his father was a building contractor. He attended grade school and high school in Winnipeg and then served his electrical apprenticeship in Winnipeg. He went to Vancouver in the late 20's where he went to work for the C.P.R. as an electrician. He took up Electrical Engineering while in Vancouver. He then went to work in the mining industry, with B.C. Nickel Mines. His company sent him north to the Yukon, where he worked on the gold dredges during the 30's, ending up in Dawson City, Yukon where he stayed until the war broke out.

In 1942 he came out by way of dog-team via Ahlaviak, N.W.T. He then joined up with the R.C.A.F. in mechanical and electrical maintenance. While with the R.C.A.F. he saw service with the Western Command, all over western Canada from Winnipeg to Victoria.

Following his discharge from the airforce in 1946 he took up Mechanical Engineering with the Canadian Institute of Technology and later became a member of the American Institute of Electrical Engineers and an associate member of the American Institute of Mechanical Engineers. Until 1959 Ed. spent most of his time in the East, in electrical and mechanical

work, except for a short time in the mines of the northwest. In 1951 he joined Cypress Copper Mines Company and was sent by his company to the Middle East, the Island of Cyprus where the company had large coppermining interests. Mr. Featherstone was Electrical and mechanical superintendent. He returned from Cyprus to Canada in 1957 and came west to begin his work in the oilfields in 1958, coming to Drayton Valley as branch manager for Electrical Contracting & Machinery Co. Ltd. whose head offices are in Calgary, in July of 1959.

While in the Middle East he was instrumental in having a country club with golf links built. It had (Cont' on page 3, Col. 5)

FOSTER PARENT'S PLAN

REFUGEE REBAYS OLD DEBT
BY HELPING POOR GIRL.

A debt of gratitude contracted by a 16-year-old German Jewish refugee who was granted release from an internment camp in Canada in 1941, has been repaid today in a heart-warming way.

Gerry Walden was 14 when his family fled to England from Germany shortly before World War II began, in the face of rising persecutions. With the outbreak of war, a security-conscious Britain rounded up alien German residents regardless of their sympathies, and interned them. Gerry was parted from his parents and sent to Canada, as were many children in similar circumstances.

By 1941, Canadian authorities had been able to evaluate the true position of many of these internees, and Gerry was offered a parole-like release providing a sponsor could be found who would support the boy so he would in no way become a public charge, nor take employment from a Canadian.

A family friend who had found success in the New World years before assumed this responsibility and provided thousands of dollars in support during over-coming years, while Gerry studied commercial art. At the end of the war he was able to take a job, and today is a partner in one of Montreal's most successful art studios.

In recent years Gerry has made numerous offers of restitution to the man who gave such unstinting support, but each was refused. "You can repay me in only one way," he said, "find some way of helping another unfortunate youngster, and perhaps that child will someday be able to do the same for another, for it is much better that human charity be kept alive than cancelled and filed away like a spent cheque."

Now Gerry has found a way to begin in a small way, as he puts it, to fulfill this thoughtful request. He and his wife have undertaken the support of a poverty-stricken 10-year-old Italian girl through Foster Parent's Plan.

Last week he returned from a personal visit to his "adopted" daughter, full of enthusiasm for the fine-minded Canadians are performing every day through their assistance to unfortunate youngsters through Plan. "I have seen for myself what hope can be kindled in a little girl's world with such simple amenities as new clothes and nourishing food. We should have been doing this years ago."

Foster Parent's Plan is a non-profit, non-political, non-sectarian, international relief organization working to help destitute children in France, Italy, Greece,

We appreciate your business at ROYALITE

We certainly do! And this summer we've been mighty busy. Special work-season service for our farm customers. Vacation checks for our service station customers. Holiday traffic business, too. And there's no freeze-up on Royalite service. You need fuels and lubricants during the winter? Heating oils as well? We're eager to supply you. Yes, sir!

IN THE CITY

Wherever motorists drive in western Canada, the colorful turquoise and orange "R" beckons them to Royalite service stations. Here they find fast, courteous, efficient service—and petroleum products second to none. That's what turns casual callers into regular customers. You, for instance.

ON THE FARM

Western farmers depend on Royalite for regular deliveries of quality fuels and lubricants. And when the work load is heaviest they know they'll get special attention. You will, too. Just phone your Royalite agent. He's a good man to know.

IN INDUSTRY

Across the four western provinces Royalite bulk plants serve the needs of industry. Royalite is engaged in exploration, production, refining and marketing. It's the largest independent oil company in western Canada. Good to know when you buy Royalite products.

Contact your local ROYALITE dealer or agent

A CANADIAN COMPANY GROWING WITH CANADA

BEEFEEDER TOUR

Calgary Power Ltd. is asking the Chambers of Commerce to contact the farmers, ranchers and feeders in their area to organize a tour of selected feedlots. The Idaho area is very similar to our Alberta conditions with irrigated pastures, beef, pulp, potato canneries and surplus grain. The

During the tour, talks will be given by government and university officials as well as by feedlot operators, veterinarians, bankers, etc.

Dinner meetings will be held in various centres where everyone will have an opportunity to discuss mutual problems. The group will be leaving in early October and will spend a week touring the various feedlot centres surrounding Idaho Falls, Twin Falls and the Caldwell area. Of necessity the number will be limited and anyone interested is asked to contact his local Chamber of Commerce office for further information.

Martin Green, President of the Idaho Cattle Feeders' Association has invited the Western Stock Growers' Association to participate in the Calgary Power Ltd. sponsored tour of Idaho feedlots. Mr. Martin Green also extends an invitation to all feeder associations to participate in the program he is arranging for the Calgary Power Ltd. tour.

Frank Shields, Manager of the Idaho Cattle Feeders' Association advised Alex Macale of

Calgary Power Ltd. today that all arrangements for the tour have been completed. Mr. Shields stated that he has been able to obtain experts on all phases of feedlot and cattle feeding operations. The Chambers of Commerce of Idaho Falls, Twin Falls, Boise, Caldwell andampa are organizing the luncheon and dinner meetings and arranging accommodations.

This is the second tour arranged by Calgary Power Ltd. with these Idaho Chambers. Last year 70 potato growers spent one week in the same area of Idaho. It was the interest shown at that time that prompted the present tour of the large mechanical feedlots in this area.

The tour of Idaho feedlots lasted Calgary September 30 and terminated at Caldwell, Idaho, on October 6th. Participants of (Cont. on page 8, Col. 3)

CHECKER - UPPER

A Mrs. Foster entered a movie theater and was surprised when she was seated beside Mrs. Nosey, who was always handing out words of wisdom to the other members of her club.

"By an earth did you come to this show after the way you've been telling everybody how terribly bad and immoral it is!" asked Mrs. Foster. "Oh," replied Mrs. Nosey, "I just came to see who took my advice and stayed away."

In department store advertisements we can't give you YOUR MONEY BACK, BUT IF THE PRODUCT IS NOT EVERYTHING WE SAY IT IS YOU MAY KEEP IT. If you get more than usual for your money, it's apt to be a visit from the Revenue Department.

GYMKHANA NEWS

By Steve Redden.

In another few days at 12 noon on Saturday the Amateur Roddeo parade will start off, following practically the same route as the previous Roddeo Parade. This one will differ in the fact that it will be truly western.

A good turnout of contestants is expected as entries are coming in from all over the province.

It is even expected that Henry the Barber and Scotty from Downell will also be riding.

The weekend will commence with a dance on Friday night at the Recreation Centre followed on Saturday by the Parade and Roddeo, a dance again on Saturday night and a Bar-Pot Gymkhana, open to any riders on Saturday afternoon at 1:00 p.m.

We hope to see a good turnout of the local citizens, to cheer some of the Drayton riders on to victory.

AQUARIUM NEWS

The recent addition of specimens of Dolly Varden or bull trout now completes the Calgary Aquarium's collection of the char type of game fish.

The game fish display is one of the major features of the Aquarium which also includes exhibits of tropical and marine fish and reptiles from all parts of the world.

The Dolly Varden trout are native to Alberta and were taken from Sheep Creek, near Calgary, by a biologist collector who donated them to the Aquarium.

Besides the Dolly Varden, Alberta's only other native char is the lake trout - often referred to as salmon trout or gray trout - some of which have been known to exceed 80 pounds. Specimens of lake trout are also on display at the Aquarium.

The Eastern brook trout or speckled trout - considered by fishermen to be the best fighter of all game fish -- is native to Eastern Canada only, but has been used with considerable success to stock Alberta lakes and streams. It too is a true char, as is the red trout of Quebec, also known as the Arctic char. Specimens of both are exhibited in the Aquarium game fish section.

NOMINATION NOTICE

Town of Drayton Valley
(Town or Village)

PUBLIC NOTICE is hereby given that I will attend at

The Town Hall Council Chambers, in the Town of Drayton Valley, in Drayton Valley

at Lots 42 to 44 Incl. in Block 1 on the south side of 51st Avenue in Drayton Valley.
(Description of Place)

on Wednesday, the Twenty-seventh day of September, 19 61
from ELEVEN o'clock in the forenoon until TWELVE o'clock noon, for the purpose of receiving Nominations of Candidates (for the Office of Mayor for the next ensuing two years in the case of a town or for the Office of Councillor for the next ensuing three years as the case may be.)

At the same place, time and date above mentioned, nominations for a member of the Board of the
Drayton Valley **MUNICIPAL HOSPITAL**
DISTRICT No. 7 will be received.

Given under my hand at Drayton Valley this
Eighteenth day of September 19 61

W. G. Johnson
Returning Officer.

AS OTHERS DO

The professor was lecturing his class. "I predict the end of the world in fifty million years."

"How many?" came a startled voice from the rear.

GREAT GROWTH

"Fifty million years."

"Oh," said the relieved voice. "I thought you said fifty million."

HOW SHOULD I READ THE BIBLE?

Taken From Family Herald
By Rev. Leslie D. Weatherhead

I want to speak to those who want to make a beginning, or a new beginning in Bible reading. Concerning most books, quite a good place to begin is at the beginning. But in the case of the Bible it is the worst place to begin. I think you will agree with me that we must begin with Jesus. All that was written before Him was preparation. All that was written after Him is comment. Therefore begin with the earliest book in the Bible about Jesus, and that is the Gospel according to St. Mark.

I regard St. Mark's Gospel as the lowliest and most precious document in the world. The real Gospel, of course, is from the first verse of the first chapter to the eighth verse of the 16th chapter. The rest has been added by another hand.

Before you begin to read, try to have a little picture in your mind of the person who wrote it, and roughly the conditions under which he wrote. John Mark was probably only a boy of 18 when he became a friend of Peter. Both of them were great lovers of our Lord, and very probably the Gospel was dictated by Peter. Mark was the boy who followed Jesus into Gethsemane from his father's house where the Last Supper was most likely held. And there is much evidence to suggest that he was the young man who greeted the women at the tomb on the first Easter morning. To him fell the honor of collecting and recording the facts of our Lord's life about the year 70 A.D.

I would suggest three ways of reading in answer to the question "How should I read the Bible?"

1. READ CRITICALLY

I mean by that, do not let your mind stray, say, at the miracles or at some interpretation of a difficult passage, but keep on reverently reading to get the message of a book as a whole. The best way to use a work of art, like a beautiful picture, is to stand away from it at first to get its impression. The way to go closer and concentrate on the details. So we should read a whole Gospel to get its general impression, glowing over any difficulties, just leaving some things to be examined later. Thus we see the greatest of all Persons at work in the human setting, and dealing with men and women like ourselves.

Just because the Gospels are human documents, we may expect that in details there will be matters which we will not be asked to take as evidence of divine inspiration. Remember that Mark himself was trying to remember

what Peter had told him about Jesus. And Peter was trying to remember what Jesus said and did. No doubt if St. Mark's Gospel we are very close to what Jesus said. At the same time, when we come to study the difficulties of detail, we must make allowance for the human factor.

It is of tremendous importance in our first reading of any Gospel not to let questions of criticism creep up in the mind, and just to try to let the whole picture of Jesus the writer gives make its own impression upon our mind. You will not, if you are wise, judge Jesus by the Bible, but rather judge the Bible by Jesus. If we are perfectly sure of Jesus we can be content to be uncertain about a lot of other matters.

2. READ IMAGINATIVELY

The great writer, Ruskin once wrote: "Let us when we read the Bible try to be present, as if in the body, at each recollection even in the life of the Redeemer." In other words, imagine that you are there watching try to make a vivid picture of the setting of the incidents about which you read. In the Gospels, see Jesus, not as a stained glass figure, but as a sun-tanned, healthy man, standing there on the beach of Galilee with the blue waves breaking on the shore, and the green hills behind Him; dressed, I suppose, in a blue robe, with long dark hair, and flashing eyes in a kindly face. The kind of person to whom little children would run.

See Him standing there, with His strong, attractive, intense personality, and then read the story as if you had been up behind the crowd, and were peering over someone's shoulder, and listening to His voice. Don't be afraid of the humor in the Gospel story of the Pharisee drinking soup and straining at a camel, and then swallowing a gnat. Or a man lighting his lamp and putting it under the bush. Try, if you will, to pretend that you have never read the story before, and let it make its

own impression on your imagination. Then you will find that Jesus does not present you with arguments, but with pictures.

A lawyer comes to ask Him a question, "Who is my neighbor?" Jesus gives no definition of what a neighbor is, but instead gives a picture story. A certain Samaritan... the story unfolds itself. The significant thing was that it was a story about a despised foreigner who interrupted his journey to perform his magnanimous act to help a helpless brother man.

3. READ DEVOTIONALLY

Above all other things, in our Bible reading we are trying to meet a person who wants to meet us. In the story of Zacchaeus we are really reading how Jesus came along our roadway and seeks to meet us. The lovely story hangs upon the words, "Zacchaeus, I am going to have dinner with you." Put down your reading and begin to meditate. Here is a person, hated by others, whom Jesus loved and believed in, and won over to Himself.

Or take that other story of Nicodemus the old teacher coming to Jesus by night. Imagine the old man stumbling along in the moonlight and sitting in the upper room where Jesus was staying. The Great Teacher tells the seeker, after long discussion, that for all his learning, he has got to start all over again, like a little child and begin at the beginning. He must be born of the Spirit of God. And so as we read, the story of the seeker fades into the background, and we are there with One who can give the secret of the new life of the spirit.

Who said that the reading of the Bible was dull, and uninteresting and irrelevant? It is not so, if we will only read uncritically, imaginatively and devotionally.

If I am speaking to any who have been exhausted endlessly to read the Bible, and have either never made a beginning, or else given it up may I suggest to you to go back to Mark's Gospel and start anew from there. Mark has a message for you. As he found God in the life and words of Jesus, so there will come a time, sooner or later, when you will find the same God, and that will be the most wonderful time of your life.

KENDRICK — SHEPEL WEDDING

are very much against her joining the common market, not only for our good but for the good of the commonwealth and the west generally.

This was in essence what the Prime Minister told Mr. Duncan Sandys the British Minister of Finance on his recent trip to Canada.

HIGHWAYS

Gordon E. Taylor, Minister of Highways, has issued a further construction report on the main and secondary highways in the Province.

218 miles of grading has been completed as against 200 miles at the same time in 1960. The total program undertaken to date is 392 miles. This includes some projects which are slated for completion in 1962.

142 miles of stabilised gravel base courses has been laid as against the same amount in 1960. The total base course program in 1961 is 220 miles.

106 miles of asphaltic plant mix surface courses has been applied as against 182 miles in 1960 at the same time. 354 miles constitutes the asphaltic surface program for 1961.

39 miles of double asphaltic surface treatment out of a total of 96 has been completed. At this time last year 111 miles of double surface treatment had been completed but much of this had been carried over from the previous year.

360 miles of asphaltic seal coat, this year's entire program, has been completed. 181 miles of seal coating had been done at the same time last year which has only 70% of the program.

This season, to date, 1119 shifts have been lost due to rain and inclement weather as against 1569 shifts for the same period last year.

"It appears that the 1961 program will be completed on schedule providing the contractors take full advantage of the good weather which normally in September and October enables much work to be completed," the minister stated.

After returning from their honeymoon Mr. and Mrs. Kendrick will make their home in Drayton Valley where Jack is employed with Pembina Pipe Line and Emma is on the staff at the Royal Bank of Canada.

At a ceremony in the Drayton Valley United Church Miss Emma Shepel became the bride of Mr. John A. Kendrick.

The bride is the daughter of Mr. and Mrs. C. Shepel of Tomahawk and the groom is the son of Mr. Marion Kendrick of Drayton Valley.

Red and white gladioli decorated the altar for the double ring ceremony at which the Rev. Albion Wright officiated. Mrs. C. Twissell was organist for the occasion.

Given in marriage by her father, the bride chose a floor length gown of embroidered lace over white satin, with fingertip sleeves. The rounded neckline was trimmed with sequins and pearls. The brides headpiece a tany sequin and pearl cap held in place by chapel veil. Her flowers were a cascade of red roses. She wore a drop pearl necklace and earrings a gift of the groom.

Attending the bride were Miss Jonette Shepel, Miss Faye Gies, Miss Anne Shepel and Miss Elisabeth Shepel.

The bridesmaids wore identical

YOUR M.P.P. REPORTS (Cont. from page 5, Col. 3) get free access to our domestic markets, but Canada as a agricultural country would not have free access to British domestic markets for our agricultural goods.

Mr. Walker's group have compiled statistics and forecasts to show that it will be wiser for the U.K. to stay out of the common market and concentrate on developing the commonwealth market.

waits length gowns of white chiffon with matching picture hats and gloves of mauve. They carried bouquets of mauve carnations.

The groom attendants were Mr. Emile Jackson, Mr. Paul Shepel, Mr. Ken Hauser and Mr. Kenneth Auld.

Ushers were Emile Elbert and Mr. Tony Shepel.

The reception was held at the bride's home in Tomahawk.

For her daughter's wedding the bride's mother chose a navy blue suit with matching accessories and wore a corsage of red roses. The groom's mother chose a grey two piece dress with green accessories and a corsage of red roses.

For travelling to Eastern Ontario the bride changed to a grey suit with mauve accessories and wore an orchid corsage.

After returning from their honeymoon Mr. and Mrs. Kendrick will make their home in Drayton Valley where Jack is employed with Pembina Pipe Line and Emma is on the staff at the Royal Bank of Canada.

With the new expanding countries, this will give them a much greater market than the common market can ever be. It will also consolidate one of the most powerful blocks against communism. He believes that a flexible trading policy with commodity by commodity examination of trade would be best. I agree and cannot see why one has to be so desirous of free trade or high tariff. Can we in my opinion should let the U.K. government know that we

are very much against her joining the common market, not only for our good but for the good of the commonwealth and the west generally.

Over \$500,000.00 is spent in Canada each year by General Motors for goods, services, wages and taxes. The company makes regular purchases from more than 4,000 Canadian suppliers.

The 100 per cent use of safety glasses in all the plants was instituted by General Motors of Canada in 1960. There has been no time lost because of eye accidents since that time.

Looking at Recreation

By: Michael Gormley,
Recreation Director.

A.A.U. OF C. MEETINGS

The Alberta Branch of the Amateur Athletic Union of Canada held its annual meeting on Saturday and Sunday, September 16 and 17th. I think you would have to say, that as a whole, the meeting was poorly attended, when you consider the different athletic activities that come under the jurisdiction of this body and the many clubs thereby operating throughout the province. There was a fair representation from the South especially from Calgary and Banff. Edmonton was well represented, however, with the exception of Drayton Valley few if any of the outlying district clubs were on hand to voice opinion or take part in the voting. Since the Drayton Valley Athletic Association is a member club of the Union, two delegates went from the local body. The head coach of the Pembina Racing Club, Gordon Cross and Young Truly attended the meeting on behalf of the Association. Jack Falls, a member of the A.A.U. of C., Alta. Branch executive was also in attendance.

The Boring Committee and the Track and Field Committee of the Branch seemed to have a definite point of view on the matter. The committee was made up of any other committee.

Once again it pretty much a case of North versus South as a vast majority of the representatives from below the Red River were from the West. The club executive was almost totally represented by men mainly interested in the track sport. Since the Branch of the Union controls all amateur athletics in the Province of Alberta for both men and women, boys and girls, I think that it would not have been at all out of order to expect some ladies (such as I) to be present. In a sense, however, none were present. The Branch constitution states that the Fourth Vice-President must be a woman, however, when the election of officers came to the floor, this one had to be tabled until a future date because there were no nominations. Apparently the Province of Alberta had been combed to find a suitable person to take over this position, but all to no avail. To date no one has accepted the honor. As I understand, there seems to be a general complaint all over our province today to the effect that all forms of recreation and athletics for girls is sadly neglected in comparison to the fine programs that are available for boys and young men. This could very well be true, in fact I would not argue the point too strongly in most any locality. After something like this though, a person really starts wondering where the fault lies. Let us take for granted that the males have a very active life in all athletic participation both amateur and

FOOTBALL KICKED OFF:

The opening game of the local trophy football season was run off last Saturday afternoon with the Spartans team doing the honors. The Spartans got off on the right foot by carrying away a victory over the visiting Wainwright High School Commandos giving everyone their dues. I must say that a fine effort was put forth by both squads. The game was interesting, if not thrilling and I think most folks would agree that the calibre of play was well above average when it is considered that this was the first game of the season for both teams, and for the Wainwright team as well as for several of our own boys, the first game of tackle football they ever played in their lives. They had to start somewhere and both teams made a very commendable debut at the D.V. Football Field last weekend.

Without a doubt, the most thrilling play of the afternoon was Gordie Tucker's end sweep to pay dirt late in the third quarter.

This play also brought some pretty loud squawks from Len Johnson and the Wainwright bench, however, the officials ruled the play eligible and the T.D. stood to round out the afternoon's scoring. Jim Jackson was the man of the minute when he came up with played a steady hand in the Spartans in the game when the Wainwright crew tilted desperately to get an aerial attack going in their favor. D.V. had the edge on the yardstick with their concentrated ground attack. Neither team got anywhere with their passing game.

All said it was a fine opener. The Wainwright delegation thoroughly enjoyed their visit to our fair town and if weather permits would like to make another trip late this fall. The Spartans are due to invade Wainwright territory for the rematch game on Thanksgiving weekend. The Wainwright coach, Len Johnson thought that the competition was better than he expected. The fact that the distance between the two centers would be detrimental to the formation of a league. We are more or less in a launching stage football-wise in both communities and in years to come may be able to work out some plans favorable to all concerned. Once again - time will tell.

Due to the Amateur Rodeo events no football will be played locally on Saturday, September 23rd, however, there will be a Pee Wee game played on Sunday afternoon. This will be the opening game of the inter-town league schedule for the little fellows. The three teams, the Eskimos, the Stampede and the Lions will play a series of scheduled league games, with the two top teams going at it for the Forster Trophy on November 4th.

Due to the Amateur Rodeo events no football will be played locally on Saturday, September 23rd, however, there will be a Pee Wee game played on Sunday afternoon. This will be the opening game of the inter-town league schedule for the little fellows. The three teams, the Eskimos, the Stampede and the Lions will play a series of scheduled league games, with the two top teams going at it for the Forster Trophy on November 4th.

Bruce Barton and his Spartans

have a mad game scheduled for Saturday. They will visit Ponoka and take on the High School Squad in what should prove to be a real trial horse for the local Whitehairs. Hank Shimbani on the Spartan coaching staff will be directing traffic against his former charges since he was head coach of the Ponoka team for several seasons.

Harold Tomson and Company have the Bantam squad all ready to go, however, the question mark here may be the lack of suitable opposition. According to Norm Kimball, Co-ordinator of Minor Football in Alberta, all Bantam leagues in Edmonton have a jam packed schedule. He did, however, express hopes of arranging a few exhibition games for the local squad. Camrose may or may not have a team to compete at the Bantam level with their recreation and athletic program presently operating under the most unfavorable conditions we certainly cannot depend on competition from the Rose City. So much for pickup chatter until next week.

BADMINTON AGAIN:

The stage seems to be set for another season of fun and frolic on the badminton courts. The club's opening club was organized last fall and had a very successful season under the direction of Stewart Worthington. Courts were set up and the game was played on a steady basis in the Frank Maddock High School Gymnasium. This setup proved most satisfactory to all concerned.

TOWN CALENDAR
COMMUNITY LIBRARY HOURS - Tues. 12:00 - 1:00 p.m. and 3:00 - 8:00 p.m., Thurs. 9:00 - 5:00 p.m. Fri. 12:00 - 1:00 p.m. and 3:00 - 5:00 p.m.

LOOKING AT RECREATION

(Cont'. from page 9, Col. 8)

In the election of officers, Truman Fry was re-elected President and Les Hendon was returned to the position of Vice-President. Al Seyers became the Secretary - Treasurer of the club. Mr. and Mrs. Hendon agreed to host the first dance of the season.

To start things on the right track a "Team to Square Dance School" will be held on a weekly basis over a period of six weeks starting Saturday, September 23rd. The cost of the course is \$12.00 a couple. Everyone is welcome, young and old. The only requirement is that you join before October 1st, so that you will not miss more than two lessons. It is generally felt that if an individual or couple miss more than two of the six lessons, it is not fair to all concerned to attend them in the club, therefore the reason for the cutoff date of October 1st.

If you are interested in this phase of the recreation program please contact one of the aforementioned members of the club at your earliest convenience. In this way you should make your contacts this week in order that you get the full benefit of all the training coming your way. So swing your partner - we're off to an enjoyable season of square dancing.

D.V. HIGHLIGHTS

(Cont'. from page 4, Col. 3)

Until now it has been thought that no climbing road was sufficiently hardy to withstand the rigors of our Alberta winter.

Mrs. Zolmer row, New Brownell 84, by name, is sold by Pike's and is not supposed to need any winter protection.

The flower is yellow, very double and the perfume exotic.

New 3 roomer is right at the top of our money order for next spring.

Mr. Claude Free dropped by the other day and we chatted of this and that. The spoke of their enjoyment of their holiday in the mountains and, then, as often happens with housewives at this time of year, our conversation turned to canning and freezing of fruits and vegetables.

Mr. Free says that beans are delicious when frozen. If they are thoroughly cooked beforehand, instead of being merely blanched. Why didn't some one tell me before that bumper crop went to waste?

D.V. Hospital Women's Auxiliary

The regular meeting of the D.V. Ladies Hospital Auxiliary was held on September 14th in the

SHOP and SAVE on BAY DAY

We are once more going to feed supper to the Blood Donor Clinic staff this year. The Hospital Auxiliary Convention will be held in Calgary this year on October 10, 11 and 12th. We're hoping to send a delegate to the convention.

Mrs. Isabel McKay our program co-ordinator had some very interesting guests, Miss Shevack and Miss Thieson who showed slides on Hong Kong. The meeting ended with a delicious lunch served.

Our next meeting will be on October 12th please attend.

Mrs. Janet Brankish, (Reporter) DISTRICT GOVERNOR VISITS (Cont'. from page 1, Col. 3)

than 11,000 Rotary Clubs which have a membership of 809,000 business and professional executives in 183 countries throughout the world.

Wherever Rotary Clubs are located, President Bill Mitchell assisted in discussing the Governor's visit, their activities are similar to those of the Rotary Club of Drayton Valley because they are based on the same general objectives - developing better understanding among business and professional men, promoting community betterment undertakings, raising the standards of business and professions, and fostering the advancement of understanding, good will and peace among all the people of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength. President Mitchell added, during the past four geographical regions were added to Rotary's membership roster: Gabon, Nigeria, Rumania and Somalia.

"BUY CANADIAN" Canada's electrical manufacturers urge you to "Buy Canadian" to level the level of jobs and wages high.

COUNCIL MEETING

The regular meeting of the Council of the Town of Drayton Valley was held in the Council Chamber on the 14th day of September, 1961, at 8:00 a.m. The Mayor and all councillors were present.

The minutes of the previous meeting of Council held on August 10th and 11th were read, and adopted as read. The list of accounts was approved and passed

for payment. The Financial Statement for the month ending August 31, 1961, were accepted as presented and authorized for filing.

A committee was appointed to set up suitable accommodations for Paul Farnham at the Nuisance Grounds.

The Council authorized that 48th Street be kept open as it affords a usable egress and ingress to Block 24 and 25 south of the existing road.

Council gave first, second and third readings to By-Law No. 244,

authorizing the amendments to Section 905 - changing "stop" signs to "Yield Right of Way" signs and to set up "Yield Right of Way" signs at 63rd Avenue and 54th Avenue at 48th Street and at 63rd Street and 51st Avenue.

Council directed that the letter from the Deputy Minister regarding the Avon letter pertaining to change in legislation enacted in the Spring of 1961 regarding peddlers' licenses be accepted as confirmation that these licensing allowances have been reduced (Cont'. on page 11, Col. 3)

1962 PONTIAC

A brand new Pontiac, almost identical in appearance to that of the convertible, is a striking style feature of the 1962 Pontiac Parisienne and Laurentian two-door hardtops. Pontiac features a new lighter weight automatic transmission with the optional Astro-Flame 250 h.p. engine.

OSHAWA, Ont. --- Body restyling and engineering refinements are among the features of the 1962 Pontiac announced here today by General Motors of Canada.

The most outstanding styling change is a totally new profile on the Parisienne and Laurentian two-door hardtops. These models look amazingly like soft-top convertibles.

Pontiac has a new grille design as well as new tail lights. A new, lighter weight automatic transmission is available with the optional Astro-Flame 250 h.p. engine only. The transmission is made of aluminum and is some 85 pounds lighter.

The 1962 Pontiac --- Canadian built series will be the Parisienne, Laurentian and Strato-Chief offering 113 models.

In addition to the Canadian models, Pontiac will be available in the imported Bonneville (two and four door hardtops, four-door station wagon and convertible), a new sports model, Grand Prix, Star Chief (four-door hardtop and four-door sedan), Catalina (two and four-door sedan, two and four-door hardtop, six and nine passenger Safaris and convertible), and the smaller-sized four-cylinder Tempest.

For the first time, Tempest is available in a convertible model. The Tempest, North America's only production car with a front engine and rear transmission, is redesigned. It has a new grille and chrome ornamentation.

In addition to the convertible, Tempest comes in a four-door sedan, four-door Safari station wagon, two-door coupe and two-door sports coupe.

CIVIL DEFENCE

THE ELEVEN STEPS TO SURVIVAL.

CONTINUED FROM LAST WEEK KNOW THE FACTS ABOUT RADIOACTIVE FALL-OUT! STEP TWO.

When a nuclear weapon is exploded on or near the ground the danger from radioactive particles is greatest. The force of the explosion may make a crater up to a mile wide and up to a hundred feet deep. Millions of tons of pulverized earth, rocks, buildings and other materials are driven up into the fallout and become radioactive. Some of the heavier particles settle out around the point of explosion. The rest are carried up into the mushroom cloud which rises as high as one hundred thousand feet.

This radioactive material is then carried by the winds and it settles to earth. This we call "fall-out".

mine the amount of radiation reaching your body from fallout. They are:

1. The TIME that has passed since the explosion.
2. The length of TIME you are exposed to fallout.
3. The DISTANCE you are from the fallout.
4. The SHIELDING between you and the fallout.

(Cont'. in the next issue)

COUNCIL MEETING

(Cont'. from page 10, Col. 5)

to \$55.00 from the previous \$50.00.

It was directed by Council that a letter be forwarded to the Government authorities regarding the liabilities of Treasury Branches regarding Municipal Taxes and that the problem will next meet when the Financial Committee, consisting of K. Wahl, A. Meier, D. G. McKenzie and W. G. Johanson, bring in a recommendation.

Following some discussion regarding Trailer Court with water and sewer vs. Trailer Court without water and sewer, Council decided to table this problem.

Council directed that O'Hara's Auction Sales' letter regarding auction sales in the Town of Drayton Valley be acknowledged.

It was agreed that application for the following winter work projects be authorized and made immediately:

1. Brushing, clearing, leveling, seeding and generally improving the Sports Grounds at NW 5-49-7-W. 4.

Authorization was given for the dismantling and storing of the bleachers for winter under the supervision of MacCalder Construction.

Council gave approval of the canvassing of all residents with a form questionnaire regarding Swimming Pool or Arena. The Recreation Director was asked to contact Dr. Horgan regarding Physical Fitness program as relation to swimming pool and arena programs.

A grant of \$350.00 to the Athletic Association to augment their facilities in swimming pool their Recreation and Athletic program for 1961, was authorized by Council.

Authorization was also given for the employment of the same two men as Rick Casestien for the 1961 - 62 season.

Delegates, J. Royland and A. Playford, from the Drayton Valley Cemetery Committee attended the meeting and recommended the following items:

- (1) N.E. Sec. 20-49-7-W-5 (3 miles North of Town)
- (2) S.E. Sec. 20-49-7-W-6 (7/10 mile North of Alexis)

Council directed the Government of Alberta be contacted

with regard to protecting the land at the sites suggested and obtaining the approval of terms from the Highway Branch for use as cemetery sites. The report of the Cemetery Committee was accepted as presented.

Council agreed to postpone the paving project of streets in the town until early summer of 1962.

Authorization was given for the use of the old town office for storing sports equipment during the off-season periods.

It was directed by Council that the development proposed by Aladdin Homes be constructed on High Density Residential site as at the present time the Zoning By-law demands, and suggest that they construct this development in block 53.

H. Zolmer and Secretary W. G. Johanson, were appointed by council to bring in a Winter Works Projects Program.

Council gave its approval for the extension of the water line to service the Doby residential land at the reimbursement charge of \$4.00 per linear foot of extension to table this problem.

The meeting adjourned at noon.

N.D.P. MEETING

The newly formed New Democratic Party, which was formed this past summer from a union of C.C.F. and the Canadian Labour Congress in the C.C.F. and C.L.C. Conference held in Ottawa, will hold a meeting in Drayton Valley this coming Friday.

The meeting will be held in the Canadian Legion Hall, at 8 p.m. September 28th. Guest speaker will be Mr. Roy Jahnke, also present will be a member of the executive of the New Democratic Party organization, Mr. Grant McGee, who is a vice-president of the Alberta Federation of Labour. Mr. Neely is an organizer of N.D.P.

BLOOD DONOR CLINIC

The Blood Donor Clinic will be held in Drayton Valley on Monday, October 2nd, in the 1st High School Auditorium, from 2:30 to 4:30 in the afternoon and from 7:00 to 9:00 in the evening.

About three years ago the A.A.R.N. put up a plaque for the group, club or organization which had the most members donating blood at the Donor Clinic.

Presently holding the plaque is the United Church group. Previous holders were the Lions Club and the Mobil Pegasus Club.

FROM SCOOP'S NOTEBOOK (Cont'. from page 4, Col. 3)

Dowell hand Louis Deane got the surprise of his life when his company called him one night from the Calgary office and said, "How would you like to take a little trip?" Thinking it was to Swan Hills, or some such place Louis said "Fine". But it turned out that he was headed for the farthest north drilling rig at Herveville Island, well up in the Arctic, where the Peter Bowden rig that is getting set up for drilling there is located. There has been much in the papers recently about this rig, the Danish ship Thora Dan took the rig and crew and provisions in during the three-week ice-breaker about a month ago.

Louis went up by DC-3. He expects to be gone for about a week, but it could very well be longer. Meanwhile, back on the old homestead in Drayton Valley wife Marlene and the family look forward to his return from Santa's land.

Mrs. Donald McKillop, mother of Drayton Valley's All-McKillop was a recent visitor to our town when she stopped by to see her son and his family. Mrs. McKillop now lives in Abbotsford, B.C.

SCODS NOTEBOOK

Continued from page 4, col. 9

She formerly lived in Dauphin, Manitoba, where a number of Playford lives. However, they are only distantly related to us, so please don't judge them by us.

At the late Drayton Valley's post-

ty girls have been getting married off lately it is a good thing that the single gal racks is reinforced by a new arrival.

She is Miss Betty Scholm, of Betty's Beauty Shop, in the rear of Am's Fashion shop.

Betty comes here from Wetaskiwin where her father is a farmer.

Miss Shirley Ragan who lives here for a number of years when her folks were working here, returned from Edmonton for a visit.

While here she visited with the James Chiche, who with Velebon and many other old friends.

old Waddle, who has been working for Maunz, as office manager

for quite some time, leaves this month for Calgary. Sid has been well known for his commitment work while here.

Two handworking brothers took over the Texaco Station from Roy Sied recently. They are Bob and Lorne Nelson. Bob is from Edmonton and Lorne is from Calgary.

Bob plans on building a house right away and getting his family out to live in D.V. as soon as possible.

At last reports Roy Sied had not yet decided just what he would do.

Bob and Lorne like Drayton Valley quite well and found business better than they had expected.

GYMKHANA AMATEUR RODEO

By: Steve Reddin, president, Gymkhana Club.
1st. AMATEUR RODEO BIG SUCCESS.

The first Amateur Rodeo held in Drayton Valley Saturday, September 23rd, sponsored by the Larist Gymkhana Club, was a real success. The show drew entries from all over Alberta, some from B.C. and Saskatchewan, for a total number of 173 entries, participating in the 10 event runs. Stock was supplied by Seeley Bros. of Alder Flats the events were judged by Al Casidy of Stettler and Roy Carr of Drayton Valley. Lou Matlock acted as Amateur Director. Don Du Mont announced the events.

Following is a list of the events, the winners, etc.

SADDLE BRONC RIDING—1st. Ken Powell, Turner Valley; 2nd & 3rd - Ground money to 15 riders.
BARRECK BRONC RIDING—1st. Fory Bye, Lacombe, Alta; 2nd. Johnnie Dodd, Ponoka, Alta;

3rd. Jimmie Dodd, Ponoka, Alta.
MEN'S STEER RIDING—1st. Harold Kishel, Drayton Valley; 2nd. Ken Powell, Turner Valley; 3rd. Dell Brown - Jasper, Alta.
GIRL'S STEER RIDING—1st. Sharon Haggerty, Drayton Valley; 2nd. Lorie Latsky, Drayton Valley; 3rd. - Ground money to 6 riders.

BOY'S STEER RIDING—1st. Johnnie Dodd, Ponoka; 2nd. Jimmie Dodd, Ponoka; 3rd. Brian Nash, Wainwright.
WILD HORSE RACE—1st. Fory Bye, Lacombe; 2nd. Allan Whitlock, Drayton Valley; 3rd. Lou Matlock, Drayton Valley.
COW MILKING—1st. Gale Taylor, Himsley, Alta; 2nd. Clarence Bowman, Edson, Alta; 3rd. Harold Blaylock, Drayton Valley.

CALF ROPING—1st. Roy Bennett, Uncas, Alta; 2nd & 3rd. Ground money to 5 contestants.
BARREL RACING—1st. Jack Leach, Edmonton; 2nd. Bob Hood, Edmonton; 3rd. J.C. Carr, Moon Lake.
POLE BENDING—1st. Bob Hood, Edmonton; 2nd. Jack Leach, Edmonton.

Edmonton; 3rd. Allan Whitlock, Drayton Valley.

There were a few minor injuries during the day, but nothing too serious. Highlights of the day were the rides made by Henry the Barber and Henry of Dwell in the Barreback Bronc Riding (they off to a couple of good spots).

During the Intermission The Fort Trail Square Dance Group of Edmonton entertained with 2 numbers. This group of eight riders, practiced 18 months before their first appearance. I am sure that all who say it for the first time will agree that this was fine entertainment.

The weekend of events commenced Friday night, with a dance in the Recreation Centre, with J.B. Dance Band of Edmonton, after snow and over cast skies on Friday. Saturday was a beautiful clear, sunny day, and at twelve noon the Drayton Town band led off the parade, consisting of the Larist Gymkhana Club members some Rodeo Contestants, the Latsky - Pony Stage Coach and

other riders. The event commenced at 1:15 P.M. Saturday night saw another dance at the Recreation Centre which proved very popular.

Sunday afternoon, a few disheartened members of the Gymkhana Club with visiting gymkhana club members, held a Jackpot Gymkhana at the Rodeo Grounds, each rider paying 25¢ entry fee for each event, the winner taking all. The purses for the day went to Dalton Brown - Stakes & Barrels, Cliff Whitlock - Flags, J.C. Carr - Pole Bending for the stable, Lloyd Matlock - Stakes, Poles & Barrels, Glen Swendsen - Flags in the Junior events. The Larist Gymkhana Club wishes to thank the many people who helped us to make the show the success it was.

(There will be a general meeting of the Larist Gymkhana Association in the Legion Hall - Thursday night at 8:00 P.M.)

ROTARY AUCTION SALE

1st. ANNUAL ROTARY BENEFIT AUCTION SALE
Saturday, October 28th at 1 P.M. is the time and date set aside for the Drayton Valley Rotary Club to hold their first Public Auction.

This gives the community at large the opportunity to participate in that, it gives you a chance

to be rid of those articles around home which are no good - to be handed out to the dump but not worth enough to be traded in on something new. Most every one has a some of these articles. They're collecting dust out in the garage, up in the attic or down in the basement.

Full home cleaning is just now in full swing, to take stock of what you may pass on to your local Rotary Club as the sale of these items will go right back to community projects.

Just as mention a few items to remind you of something that may be kicking around the place. That lawn mower you couldn't trade off on that new power mower. The wash machine the department store didn't want. That tube radio no one uses. The carpet which was almost worn (Cont. on page 3, Col. 1)
